## EXPLANATORY STATEMENT

This interview is being conducted by Adrian Leong ([atleo4@student.monash.edu](mailto:atleo4@student.monash.edu)) for an assessment for the FIT5125 Research Methods for IT unit. As such your data will not be used for any published research, but a transcribed version will be viewed by the teaching team when marking the assignment.

You are being invited to take part in an interview, which we are doing to investigate students' attitudes, beliefs and behaviours in relation to using Generative AI to complete assignments. Before agreeing to participate in this interview, please read the information below carefully and reach out to us if you require any further clarification. You may discuss with others if necessary but please take time to decide if you wish to be interviewed.

### WHAT IS THE PURPOSE OF THIS INTERVIEW?

We want to interview students who have used generative AI as a learning tool. Interested in your experiences with generative AI in learning, we want to explore how generative AI may be useful for teaching. This information may help redesign education to better use the latest tool of generative AI for teaching students better.

### WHY HAVE I BEEN CHOSEN?

As a fellow student in the Faculty of Information Technology, we have selected you as we would like to hear of your experiences and opinions on generative AI in education.

### DO I HAVE TO PARTICIPATE?

You are not required to participate if you do not wish to do so. If you do decide to participate in this interview, you will be given this information sheet and consent form. You are free to withdraw from the interview at any time even during the interview without any reason whatsoever.

### WHAT DO I HAVE TO DO?

If you are interested in taking part, you simply need to sign this consent form and email the form to us. We will contact you within 1 working day to arrange for a suitable date and time to conduct the interview. The interview will be conducted online through Microsoft Teams.

On the agreed date and time of the interview, we will share a Microsoft Teams meeting link with you to conduct the interview. The call will only be recorded and transcribed if you have marked “Yes” in the consent section below.

#### **WHAT HAPPENS TO THE INFORMATION I GIVE AT THE INTERVIEW?**

The interview will be recorded and transcribed automatically using Microsoft Teams if you consent to recording and transcription. Following the interview, the transcription will be manually re-transcribed for further accuracy and to reduce any filler words. The recording will then be downloaded as an mp3 file and shared alongside the transcription with the teaching team to maintain high standards during the project. The information will be held in secure storage at Monash and only accessible to the teaching team during the life of the unit.
